

riviera pothole region

riviera, texas

27°17'55.48"N 97°48'54.48"W

The Riviera Pothole Region is a mosaic of ponds and wetlands 60 miles south of Corpus Christi. Three routes, running from Hwy. 77 east to Baffin Bay, are suggested on the map above. Take a left at FM 628 (blue) for the most direct route to coastal sites. For the highest density of potholes, turn left at 2310E (orange). The final route at FM 771 (green) passes through several wetlands and ends at the fishing pier on Baffin Bay.
